

Notice No.: TECH-2022-005

Issue Date: 25 February 2022

Subject: Network Infrastructure Upgrade

Notice to all Members,

Subject: Network Infrastructure Upgrade

Members are advised that DGCX Group will be upgrading its network infrastructure on Saturday, March 05, 2022. As part of the post-upgrade verification process, the EOS live environment will be available for application connectivity test only, on **Sunday, March 06, 2022 between 11:00 to 14:00 hours (Dubai Time/GMT+4).**

Whilst this upgrade does not require Members or Vendors to undertake any changes, they are encouraged to test their connectivity access using trading applications such as EOS-Trader, EOS-Clear, PORTS (FIX), EMAPI (MBL / POBE), F5 SSL & IPSEC VPN, Drop copy and FTP Server over their respective existing mode of network connectivity. As advised, this session is only for connectivity testing and verification, there will be no order processing or matching.

For Dubai Gold & Commodities Exchange,

Adel Abu Assaf
Director- Information Technology
