

Notice No.: TECH-2019-034

Issue Date: 30 August 2019

Subject: Introducing 10Gig speed Fiber ports Cross Connect at Colocation Facility

Notice to all Members and Partners,

Subject: Introducing 10Gig speed Fiber ports Cross Connect at Colocation Facility

Pursuant to DGCX By-Laws and the Clearing Rules of the DCCC, all Members and Partners using the DGCX Colocation Facility are hereby advised of the following.

In continuing our effort to enhance the service provided, we are pleased to inform you that we have upgraded our infrastructure at the Colocation Facility which now supports 10Gig Fiber Cross Connect as well. Thus, providing higher bandwidth and reducing the latency when reaching the market through the Colocation Service.

Members and Partners using our Colocation Services currently through 1Gig Copper Cross Connect have the option now to avail the 10Gig Fiber Cross Connect with charges of USD 2,000 per month along with one-time charges of USD 3,000.

The migration task shall to be executed from **12th October 2019**. Therefore, Interested Members and Partners are advised to confirm their willingness to avail this service before **30th September 2019** by sending confirmation mail to support@dgcx.ae.

Members and Partners who are not availing the 10Gig Fiber Cross Connect service will be communicated separately by our support team to migrate them on new infrastructure with same 1Gig Copper Cross Connect.

Please take a note of this and coordinate with your internal technical team for smooth execution of these changes.
