About

DGCX is the Middle East's largest digital marketplace where traders manage risk, protect value and grow portfolios by buying and selling commodities and currencies at a future date, for an agreed price. DGCX is born, built, and based in the UAE since 2005, owned by Dubai Multi Commodities Centre (DMCC), the world's number one free zone.

The DGCX owns and operates the region's largest and only multi-asset Clearing House – Dubai Commodities Clearing Corporation (DCCC). The exchange and clearing house are regulated by the Securities & Commodities Authority (SCA) in the UAE.

Our Mission:

To consolidate and grow our position as the region's trusted exchange and clearing house of choice.

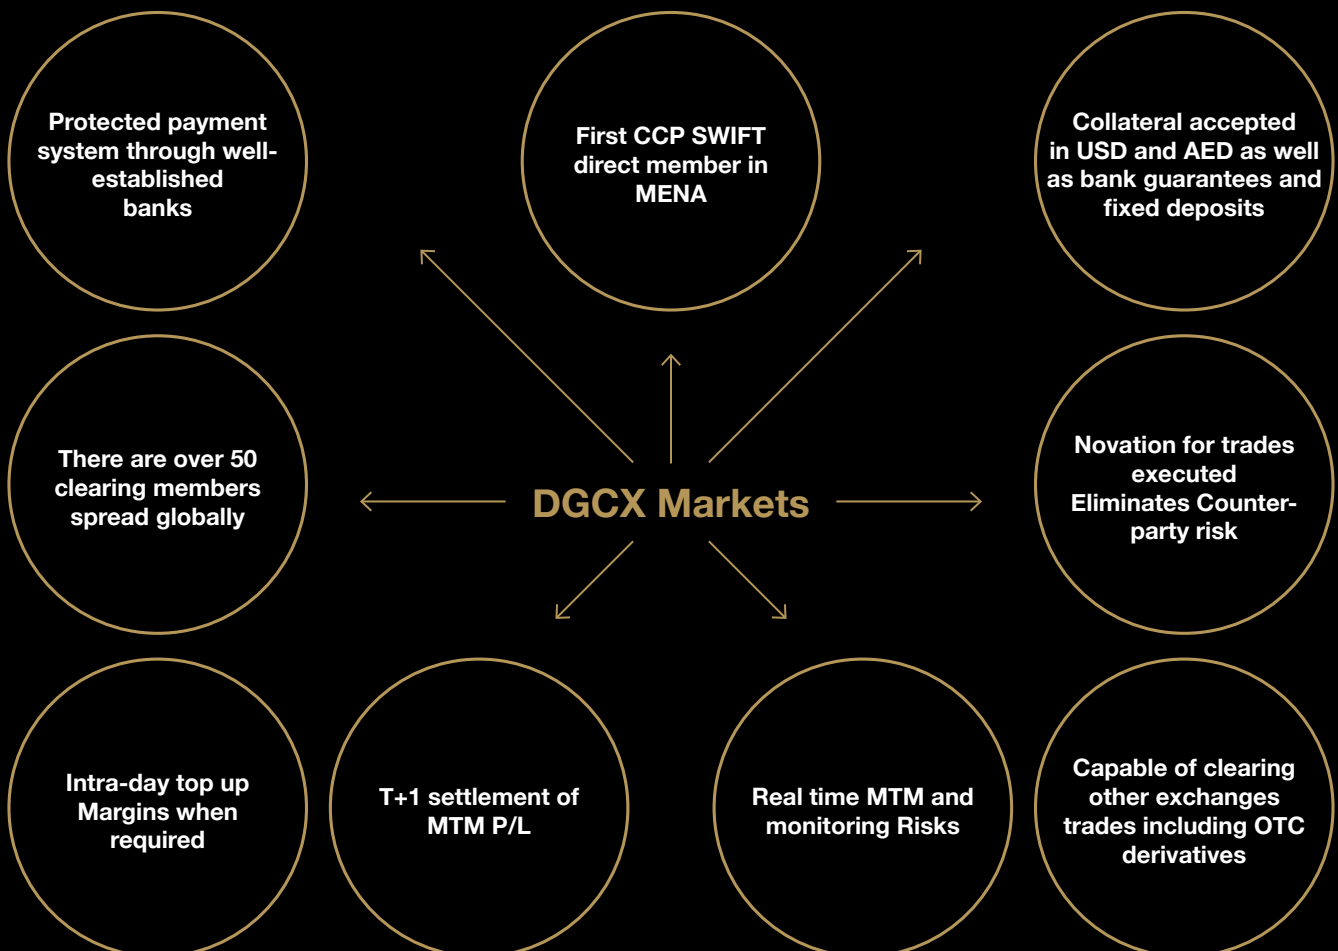

Our Purpose:

To play an active role in the growth of a vibrant financial sector, contributing to a better and more prosperous society in a diversified knowledge economy.

Our Vision:

To establish Dubai as a critical link in the global derivatives network.

The DGCX's clearing house offers secured settlements, robust risk management, and international access.

Trading Hours

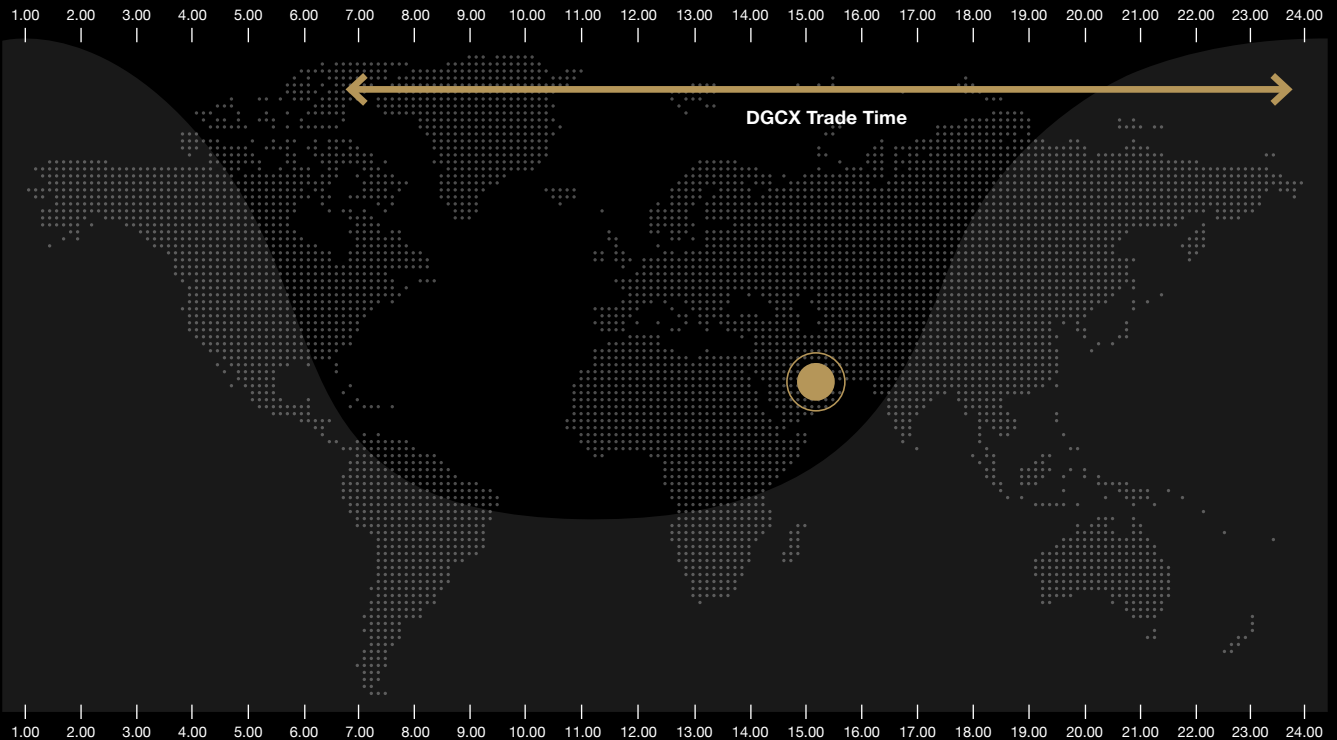

The region's most diverse product range across multiple asset classes and price benchmarks.

The unique location allows us to seamlessly fill a vital position in the global derivatives landscape. The time zone overlaps Asia and Europe with US trading hours.

DGCX's trading hours are 7:00 am to 11:55 pm UAE (GMT +4), spanning the global markets

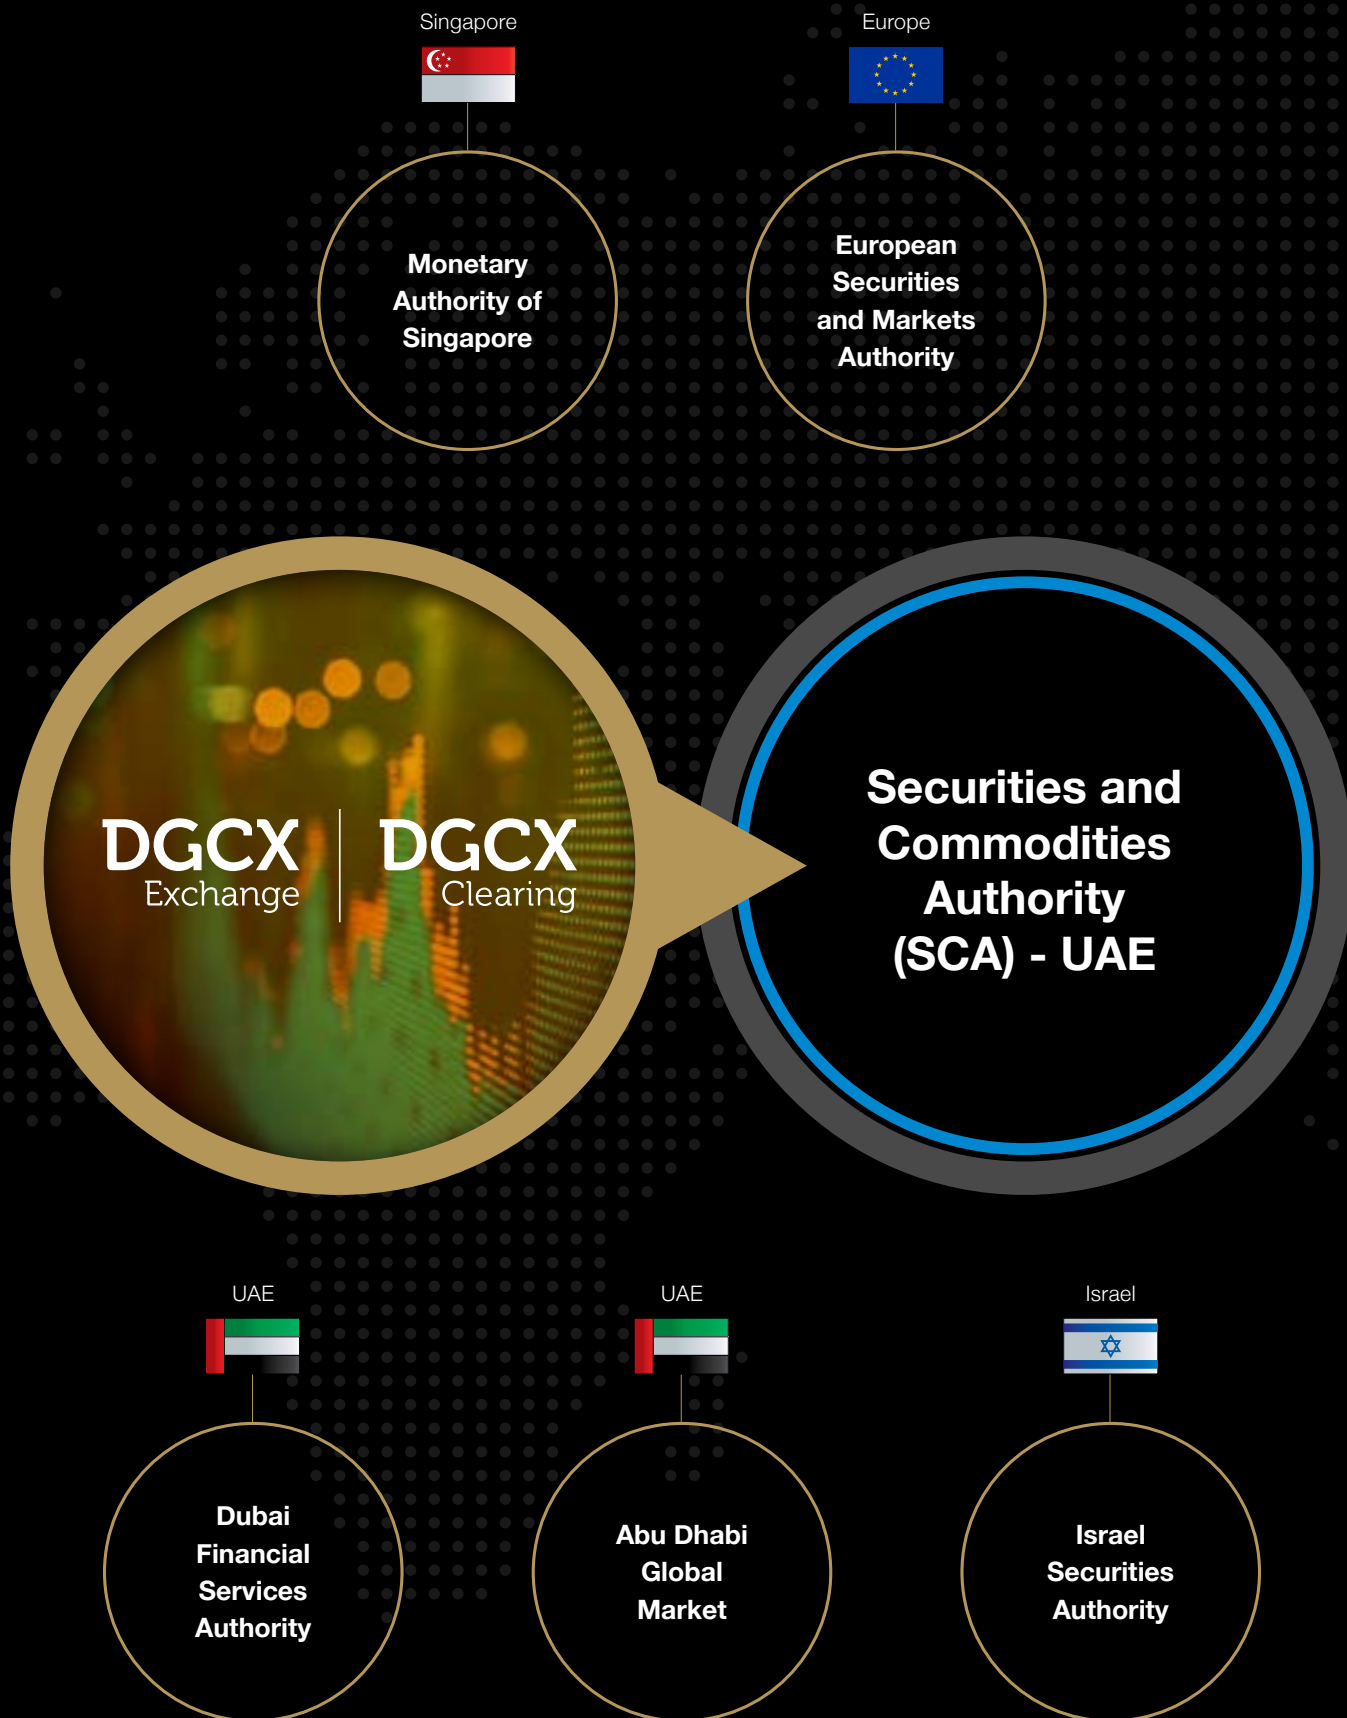

A highly regulated derivatives trading and clearing platform, which has global credibility and a proven settlement track record. More than 140 million contracts traded and cleared since inception.

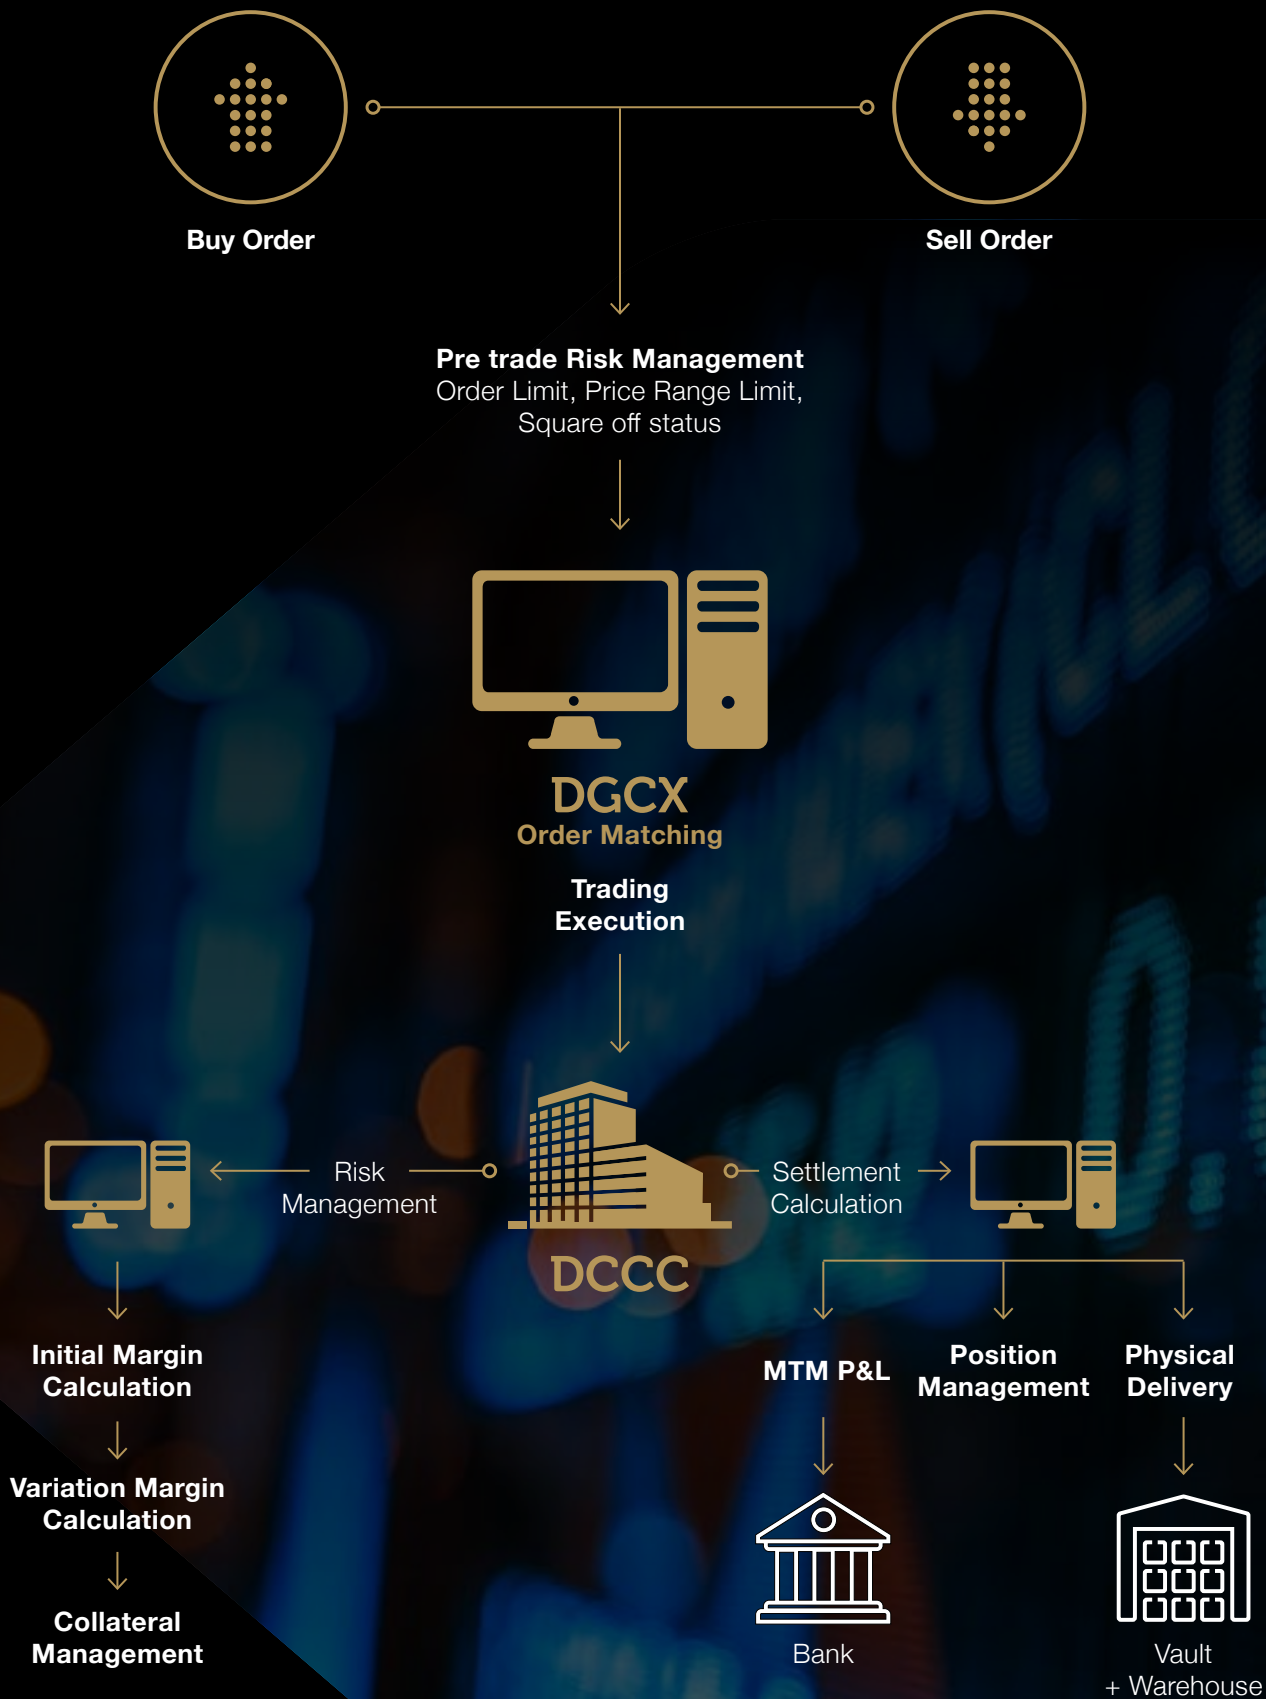

Tax efficient environment global business transacted and cleared in the UAE with funds domiciled in the region, offering the benefits of the local tax landscape.

Regulatory Framework

Our members get the assurance of a highly regulated derivatives trading and clearing platform, which has global credibility and proven settlement track record.
