

Notice No.: TRDG-2019-043**Issue Date:** November 28, 2019**Subject:** User ID Update

**Notice to all Members,
Subject: User ID Update**

Pursuant to the DGCX By-Laws and DCCC Clearing Rules, Members are notified of the following.

Members will be aware that DGCX provides a 3 free User IDs that allow access to both trading and clearing services. However, Members may request additional User IDs at extra cost dependent upon their business needs.

Whilst the number of additional User IDs has increased, it has been noted that a significant number of them have not been utilised by those Members that have requested them. Consequently, DGCX contacted all Clearing Members in June 2019 to ascertain which User IDs were still required and which could be de-activated.

Members are now advised that DGCX will implement a policy whereby at the end of each month any User ID that has not been utilised in the previous 3 months will automatically be de-activated. Members may still request additional User IDs, using the form that can be found at Appendix 1 to this Notice, but in doing so should ensure that User IDs are not retained when there is no longer any need for them.

Members requiring further information with regard to this Notice should contact their relationship manager.
